SHOW BEAUTY PERFORMANCE Large Dog is a precisely balanced nutritional formula which helps support the beauty of the coat. An adapted level of zinc and linoleic acid contributes to coat glossiness and dandruff reduction. Enriched with borage oil. As a healthy skin is an important contributor to coat quality, the formula is enriched with Omega 3 fatty acids (EPA and DHA) and an exclusive complex of nutrients helps maintain health by supporting the skin's "barrier" role.

DIGESTIVE PERFORMANCE

An exclusive combination of nutrients including sources of very high quality protein (L.I.P.) and prebiotics (FOS) helps support a balanced intestinal flora and optimal stool quality.

BONE & JOINT SUPPORT

Helps support large breed dogs' healthy bones and joints.

HIGH PALATABILITY

Satisfies the appetite of large breed dogs thanks to its formulation and carefully selected flavourings.
